DETAILED ACTION

Claim Rejections - 35 USC § 102

The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(e) the invention was described in (1) an application for patent, published under section 122(b), by another filed in the United States before the invention by the applicant for patent or (2) a patent granted on an application for patent by another filed in the United States before the invention by the applicant for patent, except that an international application filed under the treaty defined in section 351(a) shall have the effects for purposes of this subsection of an application filed in the United States only if the international application designated the United States and was published under Article 21(2) of such treaty in the English language.

Claims 24-26 are rejected under 35 U.S.C. 102(e) as being anticipated by Wallentin et al.(US 7,046,992).

Claims 24-26: Wallentin disclose providing at least two network nodes; assigning an initial authentication key and an address to a first node; communicating the address from a first node to a second node and regenerating authentication key at the first and second nodes based upon the initial authentication key in (col.8,lines 24-32;col.9,lines 44-52).

Allowable Subject Matter

Claims 1-23,27 are allowed.

Claim 1: Prior art of record does not teach installing the node identifier at a first network node; sending the node identifier information from a first network node to a second network node and synchronously regenerating an authentication key at two network nodes based upon node identifier information.

Claim 27: Prior art of record does not teach a node identifier comprising an address and an initial authentication key, the node identifier associated with first network node; a second network node storing node identifier and synchronously regenerating an authentication key at first and second network nodes based upon node identifier.

Claims 2-23 are allowed because of dependency.
